

**Multi-Use Trail Construction – Part 3  
Eglinton Avenue East  
Eastgate Parkway to Tahoe Boulevard (South Side)**

Construction Work: On or after **May 27, 2019** to **July 26, 2019**

The City of Mississauga will be constructing a new sidewalk along the west side on Eglinton Avenue East, from Eastgate Parkway to Tahoe Boulevard.

The work to be completed includes excavation, placement of granular and concrete, installation of curb and gutter, relocation of utilities, sodding and restoration of disturbed area. Irrigation heads or other fixtures including decorative fencing that may interfere with these works located on City property must be removed by the residents prior to construction. Fixtures will not be reinstalled by the City and the City accepts no responsibility for any damages to private fixtures placed on City property.

In order to complete curb, sidewalk and/or driveway repairs, it will be necessary to temporarily limit access to your area walkways and entrances. Attempts will be made to minimize any inconvenience.

Future updates will be provided should there be changes to the project.
