## NOTICE OF NOISE BYLAW EXEMPTION & TEMPORARY ROAD CLOSURE Watermain installation and existing valve chamber upgrades Corbet Drive from Burnhamthorpe Road East to Ibis Court

Peel Region has been working in your area on major upgrades to the Hanlan watermains, part of Peel's most critical infrastructure.

### Traffic impacts

We will need to temporarily close Corbet Drive from Burnhamthorpe Road East to Ibis Court again due to unforeseen issues during our last road closure. This closure will occur from Monday, April 14 until Wednesday, April 16, 2025. Road signs will clearly mark the detour route, and the attached map also shows the detour route. No on-street parking will be allowed.

### Schedule

Under the Noise Bylaw, the City of Mississauga is allowing overnight work to be done by our contractor. This continuous overnight work will take place 24 hours a day on Corbet Drive from Burnhamthorpe Road East to Ibis Court starting Monday, April 14 at 6 a.m. until it is completed on Wednesday, April 16, 2025. Additional nights may be required due to unpredictable delays, such as poor weather conditions. This work also requires a temporary road closure for the installation of a watermain.

### Noise

We don't anticipate significant noise or vibrations above normal daytime construction levels during these operations. Efforts will be made to reduce impacts as much as possible to area residents.

### Safety during construction

Construction zones require extra caution to keep everyone safe – pedestrians, cyclists, drivers, and construction workers. When driving, walking, or biking through the construction area, please be aware of your surroundings, watch for construction crews and other road users, slow down, account for delays, and consider other routes if possible. To learn more about how to stay safe in construction zones, visit [peelregion.ca/workzonesafety](https://peelregion.ca/workzonesafety)

### Get the latest project updates

We will let you know if there are any major changes to the plans. Receive timely project updates right to your inbox by signing up for e-notices. **Information on this project can also be found at [peelregion.ca/construction/project-10-1205-c5](https://peelregion.ca/construction/project-10-1205-c5)**

**Follow Peel Public Works on X ([X.com/peelpublicworks](https://x.com/peelpublicworks)) for project updates.**

We understand that construction can be disruptive, and we appreciate your patience as we work to improve our community's infrastructure. This work both maintains and improves Peel's world class water system(s), allowing us to provide safe drinking water to support a thriving community for life. If you have any questions, please contact us.
